The 8th meeting of China-EU Cyber Taskforce was held on November 25th via video link. Mr. Wang Lei, Coordinator for Cyber Affairs of Ministry of Foreign Affairs of China, and Ms. Manon Le Blanc, Coordinator for Cyber Affairs for the European External Action Service (EEAS) , co-chaired this meeting. Delegates from relevant departments of China and the EU attended this meeting.

The two sides exchanged views on issues including the overall situation, global governance and bilateral cooperation in digital economy and cyberspace as well as other issues of common concern. The two sides agreed that China and the EU share common interests in developing digital economy and maintaining a peaceful and stable cyberspace. They agreed to uphold multilateralism and address challenges in a collective way. Both sides highlighted that it is of great significance to maintain an open and non-discriminatory environment for all businesses, and Internet governance should be promoted based on principles of openness and inclusiveness. This meeting further enhanced mutual understanding and contributed to expanding pragmatic cooperation and moving forward China-EU relationship.
